China Welcomes World Energy Leaders At Hart Energy Conference in November

HOUSTON, TEXAS (October 3, 2005) - - - Energy leaders from around the globe will converge upon Beijing's Kunlun Hotel November 9-10 for Asia's premier Clean Fuels event: ***Hart's Clean Technologies Conference***.

Preceding Sinopec International's China/Asia Clean Fuels Conference, ***Hart's Clean Technologies Conference*** will explore innovations that support clean fuels production, review developments in the refining and automotive industries, and more – including a Gala Dinner sponsored by the International Fuel Quality Center on November 9.

Invited keynote speakers include the Vice President of Sinopec, India's Minister of Petroleum, CEO of Kuwait Petroleum Corporation, Deputy Director of the Department of Pollution Control of SEPA, Director of PetroChina, Director of China Programme of the Finnish Institute of International Affairs and Toyota.

Presentations will be given by ACEA, Afton Chemical, Air Products, Albemarle, Art, Authentix, Axens, Baker Petrolite, CDTECH, Ceylon Petroleum Corporation, ConocoPhillips, Criterion Catalyst, Daimler Chrysler, Grace Davison, Hart Downstream Energy Services, Honda, IFQC, Japan Petroleum Energy Center, Lubrizol, ORYXE Energy International, PAC, Petrobras, Philippines DOE, Sasol Synfuel International, SGS, UOP, U.S. EPA, Volkswagen and Westport Innovations.

As part of the Hart World Refining & Fuels Conference series, all sessions are included in conference registration. For more information about this event or to register, please contact Liisa Kiuru at +65 6324 9870 or email lkiuru@hartenergy.com.

About the Hart World Refining & Fuels Conference Series

For more than 20 years, the *World Refining & Fuels Conferences* have hosted the premier events for refining and automotive executives to meet and discuss key issues in the global motor fuels industry! The *Hart World Refining & Fuels Conferences* bring automotive, refining and government leaders together to discuss the critical legislative and regulatory policies, vital cross industry/government issues and industry's most cutting-edge technologies. This elite group of participants, presenters and conference partners provide critical guidance necessary to optimize business strategies and performance in this increasingly demanding and challenging environment.

Hart World Refining & Fuels Conferences combine executive keynote addresses and informative expert panel presentations followed by interactive participant question and answer sessions. Our global presence allows the *Hart World Refining & Fuels Conferences* to present international, regional and domestic perspectives, providing our participants with a complete view of the entire global industry.

Headquartered in Houston, Hart Energy Publishing's market-leading publications include *Oil and Gas Investor, E&P, Energy Markets, PipeLine and Gas Technology* and *World Refining*. Hart produces newsletters, custom publishing products, conferences, and unique multi- and single-client consulting services.
